Substrate Engineered with Fibrex® Material Composite Railing

20 Year Limited Warranty

Fx2 is an extremely low maintenance railing system requiring only periodic cleaning. You'll never need to sand, stain or paint to maintain a "Just Installed" appearance.

- ICC code compliant • No twisting, rotting or splintering
- Designed to meet building code requirements on spans up to 8'
- Packaged rail kits complete with hardware
- Available in kits of 6' and 8' lengths
- Easy to install with standard tools and provided hardware
- Select your kits, posts, cap and trim

Fibrex® Material Benefits

- Substrate material is engineered with patented Fibrex® material for superior core properties
- Environmentally beneficial use of pre-consumer reclaimed wood fiber
- Fibrex® material combines many of the best properties of wood and PVC while moderating the extreme properties of both
- Excellent wear resistance and low thermal conductivity
- Low moisture absorption
- Proven dimensional stability through a wide range of temperatures

Fibrex® is a trademark of Andersen Corporation.

Available In 2 Popular Colors
